Most versatile, ... simple, ... yet powerful Visitor Control System in the World.

Visitor Tracking System

EasyVisitor is the most versatile, ... simple, yet **powerful** Visitor Control System for Gated Communities and Security Offices all over the world !!

EasyVisitor works great at Hotels, Office Buildings, Gated Communities, Hospitals, Apartment Buildings, Medical Facilities, Laboratories, Private Clubs, Banks, Security and Surveillance Companies all over the world !!

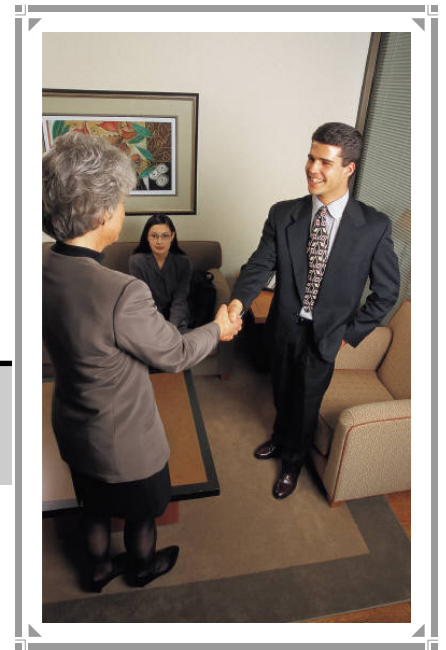

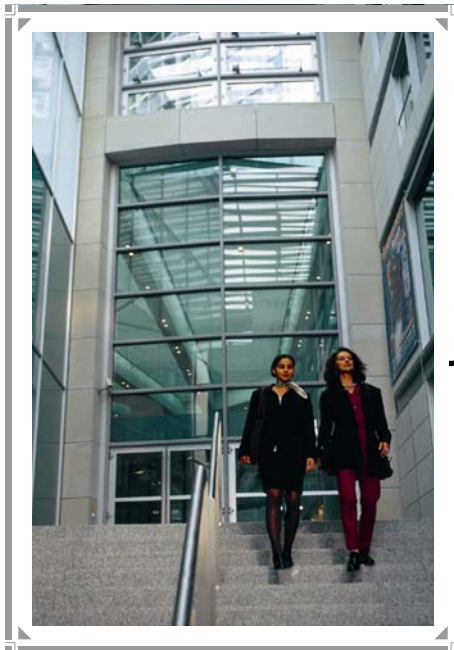

EasyVisitor can also be used as an attendance control system for Students and Teachers at Seminars, Academies, Schools, Colleges, and Universities.

EasyVisitor is the best tool to track down employees attendance, customer/client's visits, or use it as a shipping and receiving check-in/check-out tool for heavy traffic decks.
